RE: Adrian
Adam McPherson

Dear Ryan:

When we spoke yesterday afternoon, I was under the impression that you would get back with me last night or today about my request to have the captioned player examined by a physician of Titans' choosing and at our expense. I also offered to pay for the physical which I understood you had asked our General Manager, Floyd Reese, yesterday to pay for, and I offered this in return for the separate physical we are requesting. My offer in this regard still stands.

On behalf of Titans, we renew our request to have the player examined as soon as possible by an independent physician of our choosing and request a copy of the physical he is taking today. We would, of course, provide you with the results of ours.

I also request that any future communications from you or your firm with our organization regarding this player's incident with our mascot be directed to the undersigned.

Sincerely,

TENNESSEE FOOTBALL, INC.

By

RE: Adrian McPherson

Dear Ryan:

Please see my earlier letter to you of August 17, 2006.

On behalf of Titans, we make our third request to have the player examined as soon as possible by an independent physician of our choosing and again request a copy of the physical which you indicated he was taking yesterday. We would, of course, provide you with the results of ours.

Please advise at your earliest convenience.

Sincerely,

TENNESSEE FOOTBALL, INC.
